PROFESSIONAL SUMMARY

I have a passion for helping people and solving problems, I have recently gotten into the world of programming and feel like I have found a home. Through my military experience I have learned discipline and precision teamwork. I am now directing the life lessons I have learned toward creating web applications and solving customer problems.

I hope to become part of a team of like minded people that are willing to push my skills to the limit and maximize results.

- Problem Solver
- Leadership Skills

WORK HISTORY

SEPTEMBER 2012-JANUARY 2014

Infantryman | United States Military | Fort Campbell, KY

Worked with a team on a daily base to successfully accomplish training objectives. On top of the rigorous training and precision teamwork I was also responsible for the maintenance of not only thousands of dollars worth of equipment but as well as myself and team members.

JUNE 2014-JUNE 2015

Level 1 IT Support Specialist | Pearson Education | San Antonio, TX

Providing excellent customer support while implementing quick and effective solutions focused on user interface for state test.

EDUCATION

CURRENT

Bachelor of Science: Computer Science

St. Philips , San Antonio, TX

Will have an associates degree this coming spring and will then transfer to University of Texas at San Antonio.

CURRENT

Software Development Bootcamp: Software Development

Codeup, San Antonio, TX

During my time at Codeup through over 500+ hours of hands on experience I have made several applications using languages such as PHP, Javascript, CSS, HTML, MYSQL, as well as using JQUERY and LARAVEL libraries.

ADDITIONAL

INFORMATION
